

St John's Campus, Neerpair

News Letter - August to November 2014

Dear friends very happy to share with you all some of our achievements and the happenings that happened here through this news letter.

Arts and Science Exhibition:

As we all know that lot of developments are taking place in the world with the help of science. It is our custom in our school to conduct science exhibition every year in order to encourage and bring out the hidden talents among our students to create interest on Science. This year we conducted Science exhibition on 20th August regarding Maths, Science and Social science. For this wonderful programme then correspondent Rev Fr John Suresh has invited Mr. Joe Keezhekudan (a scientist) and Mr. Rajan Fernandes (Business Man) to inaugurate the event. Many students actively participated in the programme and prepared their models for the exhibition. On that day many neighbouring schools visited the exhibition and enjoyed. At the end of the day the best three candidates were selected. The selected candidates participated in the district level exhibition competition on 21st August held in Tambaram conducted by the Educational department of Tamilnadu.

Hand Book for the Students

For this academic year we prepared a hand book which consists of all the particulars regarding our school and we issued the hand book to all the students.

District level Athletic Competition

The education board has arranged district level athletic competition which was held in a village, Jamin Endathur. From our school 38 students participated in various levels and won 27 prizes.

Teachers Day Celebration

As we all know the teachers who remove the darkness and enlighten the minds of children through their wonderful teaching to the students. So they have to be respected with dignity. In India the birth day of Dr. Radhakrishnan who was the first vice president of independent India is celebrated as Teachers day. So our school children conducted games and quiz programme for the teachers on Teachers day. At the end of the day they gave cultural programme and honoured their class teachers with lovely gifts. For this wonderful programme Mr. Nagappan an retired IAS officer presided over the function.

Renewal of our School Recognition

As for the government rule all the private schools have to renew their recognition once in three years. So we applied for the renewal and the concerned officers visited our school. They examined our school's infrastructure facilities that we provide for education of our children. They officers were very happy with the facilities of the school.

Special Class

After the quarterly exam 10 days were announced vacation. During the vacation we conducted special classes for 10th and 12th standard students by our teachers as they are all going to appear for public exam at the end of the academic year.

Clean India

The prime minister of India announced the so called scheme “Clean India” and invited all the people to partake in the scheme and make it successful by keeping India neat and clean. Following this our school children took oath to keep India clean and all the students cleaned our school campus.

Parents Meeting

After the vacation we arranged parents meeting to issue the rank card so that the parents may know the conditions of their children in the study. Also we had discussion with the parents for the betterment of children and for the administration. During the discussion the parents requested to arrange transport facilities for the students. The correspondent promised that he will look into the matter and he will try his best to give based on the available facilities.

Free Cycle Distribution

The government of Tamilnadu gives free cycle for 11th students. As every year we do this year also we applied for free cycles and got for all children. The cycles were distributed by the Member of Legislative Assembly of Maduranthakam constituency Mrs. Kanidha Sambath. The students who do not have proper transport facilities benefit a lot from this.

PARENTS MEETING IN THE BOARDING

As we had parents meeting in the school we arranged parents meeting in the boarding too. The parents were invited and explained the present conditions of their children in education and the behaviour in the boarding. Also we explained the facilities and the resources available for the children to improve in studies.

Preparing Greeting Cards

As we are coming near to celebrate Christmas, our students are very busy in preparing Christmas greeting cards during their leisure time. They prepare the cards beautifully with their own imaginations. We could see joys and happiness on their faces while preparing the cards to greet you all happy Christmas very soon.

One Day Recollection

Apart from their studies we give importance for their spiritual life too. So we arranged one day recollection for all the students. The recollection insisted on how we have to live holy and peaceful life in the world.

WE Core Committee

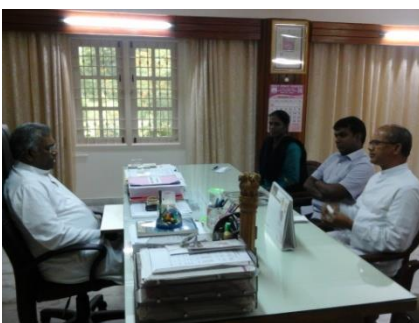

WE core committee members met last month and prepared the agenda to be discussed in the forth coming meeting. Also the committee advised to concentrate on monthly subscription from the members.

Birthday Celebration

The month of October is not only special for all the WE members but for you also. As our WE founder Fr. Dr. John Suresh's birth day falls on 27th of this month. We celebrated the day with our lovable father who has dedicated his life for the society.

Nodal Office Meeting

On 2nd November 2014 the Nodal office meeting held in Neerpair. Rev Fr Jayaseelan the Rector of St John's Home and the project holder of the Neerpair project has hosted the meeting. Fr John Suresh, Nodal Agent and Miss Nandhini Krishnan, the Nodal Officer took

part in the meeting. The status of the past four months and the future plan for the projects were discussed by them. In that meeting they also decided to meet the bishop as a nodal office. So the nodal office and the members connected the office met the bishop on the following day 3rd October 2014. All of them felt it was a fruitful discussion for the future of the project.

SUCCESS STORY

Dear friends,

I am Arockiya Raj born in a poor family. The poverty made my parents to struggle to give education for us all in the family. But I lost both my parents as I was a small boy of 9 years old. Knowing my condition Fr. K.M. Joseph adopted me and gave school education. After his death Fr. John Suresh adopted me and sent to college. With the help of Aktion Indien eV., and the kind heart of Fr John Suresh I could complete my college studies and could go for Teachers study. After the completion of my studies by merit I got government job in a government school and I am working as a science teacher. I sincerely thank Fr K M Joseph, Fr. John Suresh and Pappa Johannes Mispagel of Aktion Indien eV., helping for my studies. I got married and have three children. I am leading a peaceful life and I could support my family with my income. I sincerely feel that I am ever grateful to Fr. K.M. Joseph, Fr. John Suresh and Pappa Johannes Mispagel of Aktion Indien eV., without them I could not have succeeded in my life.

Thanking you

Fr John Suresh, Ms Nandhini Krishnan & Editorial Team
